Mandatory checks for ALL ANIMALS	Additional checks for DOGS/CATS		Add. checks for BIRDS
•Container allows the animal to move within the IATA LAR's stock and density guidelines; •Absorbent material present (i.e. towel, newspaper, etc); •For wooden containers, all door mechanisms are twisted to the secure position; •Any wheels on the crate have been removed (if applicable). •Crate is not a wire container; For Live Animals that can inflict a poisonous or venomous bite or sting, the container must be marked in bold letters "POISONOUS" or "VENOMOUS"	• Container allows the animal to stand, turn and lie down in a natural manner; • Only minimal bedding is present; • No food in the container; • No animal jackets (compression suits for greyhound dogs accepted). • Leads and harnesses have been removed from animal (collars accepted); • No foreign objects in the container (i.e. tracking devices, toys, leads); • Any Medication required needs to be within Original Packaging (no sharps) Has a suitable size water container been provided for the size of the AVI		•Wooden perches provided for all perching species; •Accessible food and water containers (separate) provided; •For small birds, a float, sponge or similar material in the water tray (if filled with water); •Any food provided meets bio-security requirements at the destination; •Interior of the container has no sharp edges; •Front of the container covered in welded wire mesh and sloped to provide extra ventilation (must comprise 75% of frontal area).
			•Food and water provided which meets bio- security requirements at destination (disinfected/sterilised pellets or extruded dry rodent food accepted). Additional checks for ALL ANIMALS Tracking devices •Only Approved devices listed on the CEDAL are permitted for tracking AVI's. •Dogs and Cats - The tracker is only accepted if it is attached to the animals collar. Must NOT be attached to the outside or inside of the crate. •All other AVI's - The tracker is to be securely affixed to the container as to not impede on handling or loading of the container.
All Documents for Animals must be attached to the outside of container not inside the container.			
SHIPPER DECLARATION (Owner or Authorised Representative)			
As the Shipper of the animal described above, I confirm the information provided above is correct and make the declarations under the 'Shipper Acknowledgement' section on Page 2 to Virgin Australia Cargo Pty Ltd (ABN 81 600 667 838) and its related corporate bodies ("VA Group").			
SHIPPER SIGNATURE:		DATE:	
		TIME:	
OFFICE USE ONLY (FINAL LODGEMENT CHECK)		CTO NAME & SIGNED INITIALS:	
If NO response selected (and item cannot be resolved at time of lodgement), shipment must be rejected.			
Aircraft Restriction	All aircraft and operator restrictions in the routing (including next sector aircraft) have been verified for container size and weight compatibility?		YES NO
Animal Welfare	Is the animal clean? (If visual inspection allows)		YES NO
	Is the animal's behaviour suitable for travel and not showing any signs of distress? (i.e. animal is not aggressive or highly agitated, showing signs of illness or heat stroke)		YES NO
	Has a suitable size water container relevant to the size of the AVI (dog/cat) has been provided?		YES NO
Container Crosscheck	Is the container clean? Have safety cable ties been applied to the cage (as required)?		YES NO
Labels	CTO to check or apply label with the Shipper's name, address and 24hr contact number to the crate. CTO to apply 'Destination', 'Live Animals' and 'This Way Up' labels to the crate.		YES -

SHIPPER ACKNOWLEDGEMENT

	I acknowledge that it is my responsibility to determine whether the animal is suitable to travel on the journey for which I am lodging the animal for carriage; and
	I am not aware of any reason that the animal should not undertake the intended journey, such as ill-health or aggressive behaviour that may put the animal or others in danger; and
	I will comply with all applicable laws, including the IATA Live Animals Regulations, and Government Quarantine Regulations which govern the importation and exportation of animals; and
	I will ensure that the animal's transport container complies with all regulatory requirements and requirements of the VA Group, including in relation to size so that the animal has sufficient room to stand up, turnaround and lie down without restriction; and
	I acknowledge that Virgin Australia Cargo Pty Ltd and its related corporate entities ("VA Group") for Cats & Dogs will provide water for the animal during all phases of transport ; and
	I understand and accept that the transport of the animal by air has inherent risks, including an increased risk of mortality. Environmental conditions such as temperature, humidity and air density changes can occur in transit, departure or arrival ports. This may have a significant effect on the health and well-being of the animal, including increasing breathing difficulties in some breeds, including full or cross breed brachycephalic animals (e.g. short-head / snub nosed breeds);
	I acknowledge the risks associated with transporting an animal via air and accept such risks and request the VA Group to transport the animal to the destination noted in this form.
	I acknowledge that the VA Group strongly recommends that brachycephalic animals (e.g. short-head / snub nosed breeds) or other animals that are prone to breathing difficulties are not lodged for transport if weather conditions are forecast to be hot and/or humid at any point of the journey; and
	I acknowledge that the animal will not be accompanied or supervised, and I accept that the VA Group may not have the expertise or ability to access veterinary services or identify risks to the animal's health or well-being throughout the animal's journey (in full knowledge of the matters set out above, I request the VA Group to transport the animal from the origin to the destination noted above); and
	- I Agree to indemnify the VA Group for any losses, costs or expenses that may arise (directly or indirectly) in connection with: a. any failure to comply with my responsibilities outlined above, including to the extent the failure contributes to any injury to or death of the animal; and b. the animal breaking out of its container, including any personal injury or property damage suffered by the VA Group, its personnel or any third party; and
	- I agree that the VA Group will not be liable for any loss, damage or expense arising from: a. death of any animal due to natural causes; or b. death or injury of any animal caused or contributed to by: a. the conduct or acts of the animal itself or of other animals, such as biting, kicking, gnawing or smothering; b. environmental conditions; or c. the nature, age, breed, condition or propensity of the animal.
	I agree that the VA Group will not be liable for incidental, special or consequential damages, including but not limited to damages for emotional distress and other non-economic loss in connection with carriage of the animal, whether or not foreseeable and whether or not based on contract, statutory liability, tort, warranty claims or otherwise.
	I acknowledge that the VA Group may, at its sole discretion, decline to accept the animal for carriage, if it has concerns for the safety or wellbeing of the animal or its personnel (or other third parties)
	I acknowledge that carriage of the animal by the VA Group is subject to Virgin Australia's Cargo Conditions of Carriage (Conditions) (found here), and in the event of any inconsistency between the terms in this Live Animal Acceptance Declaration and the Conditions, the terms of the Conditions prevail.
