For a list of full benefits and how to join, visit virginaustralia.com/accelerate or speak to your preferred Travel Management Company.

For terms and conditions, see over page.

Terms and conditions apply. Virgin Australia accelerate terms and conditions are available at:

<https://www.virginaustralia.com/cs/groups/internetcontent/@wc/documents/webcontent/~edisp/accelerate-terms-and-condition.pdf>. Defined terms below have the same meaning as in the Virgin Australia accelerate terms and conditions.

1.

Fare Advantage Year Round Discounts are available to all registered Virgin Australia accelerate clients year-round through the Virgin Australia Business Portal, the Virgin Australia Guest Contact Centre or a registered Travel Management Company. Year Round Discounts are not available through the Virgin Australia website or group travel area, and cannot be combined with any other Unpublished or Promotional Fares. Year Round Discounts apply to the Base Fare of selected fare classes on VA-marketed Virgin Australia and accelerate airline partner services, where fares are available in those fare classes. Airline partners of accelerate include Delta Air Lines, Etihad Airways, Hong Kong Airlines and Virgin Atlantic. VA-marketed services are flights sold with the "VA" designator. Further information on Fare Advantage Year Round Discounts can be found at:

<https://www.virginaustralia.com/au/en/experience/business-travel/accelerate/#savings>. The Virgin Australia accelerate terms and conditions apply:

<https://www.virginaustralia.com/cs/groups/internetcontent/@wc/documents/webcontent/~edisp/accelerate-terms-and-condition.pdf>.

2.

Travel credits are provided after the conclusion of each 12 month tracking period when a minimum \$20,000 Total Flown Expenditure (calculated on base fare only) is reached by each anniversary date. Eligible services which contribute to Total Flown Expenditure include flights sold with the "VA" designator and which are operated by Virgin Australia or by partners, Delta Air Lines, Etihad Airways, Hong Kong Airlines and Virgin Atlantic and codeshare services operated by other airlines as notified by us in writing during the term of your accelerate agreement. Excludes services operated by Hong Kong Airlines, routes to Cocos Islands, Christmas Island or any other routes as notified by us in writing during the term of your accelerate agreement. Travel credits are paid as a percentage of Eligible Expenditure, which excludes some fare classes. The maximum travel credit amount which can be achieved is \$15,000 per year (inclusive of GST).

3.

Two trial Pilot Gold Memberships of Velocity Frequent Flyer are provided when a minimum \$2,000 flown expenditure (calculated on base fare only) is reached within the first 3 months of your Virgin Australia accelerate membership Commencement Date. Velocity Pilot Gold terms and conditions are located at: <https://www.velocityfrequentflyer.com/content/ProgramBenefits/TermsConditions/#memberbenefits>, as amended from time to time.
