

STEP 1: FARE DISPLAY

- When searching for flights in GALILEO you can now search by Brand. This will allow you to quickly compare Virgin Australia's product by entitlement.
- In this example there are different type of FARE BRANDS returned when searching for a BNE-SYD fare:
- In the availability display, hover over <> and a popup appears, which needs to be clicked to view Components.

- After clicking the popup, a "full" branded fares matrix opens. Click on the brand e.g. Getaway to see its detail

- Click on Matrix to see easy product comparison
